Yeah. Still waiting on a call from Jasmine. No reason to go to Dirksen and I can't imagine Jasmine would say she's spend all day on the phone for this. Thanks.

Mr. Kellmeyer left a message for me on Monday to extend an invitation to the meeting on march 5. He called today and left another message. He was in Chicago and wanted to see if we could meet. He had a client meeting and it seemed he was not sure how much time he had. He asked again if I would attend the meeting march 5. He said it is in the Dirksen building, that sen. Durbin's staff would take part in the call via phone from d.c. mr. Kellmeyer also mentioned that Veolia would be accompanied by former congressman jerry Costello.
